All students who have been scheduled into that section can be selected with actively enrolled students selected automatically. Students who have dropped the course display in red text and are not selected automatically.

## Generating the Grades Report

1. Select the **Term** and **Section** for which you want to view student grades. Select multiple sections if desired. The Report Options and Student list will include data from all selected sections.
2. In the **Display** section, leave the **Term Dates** and **Section Dates** checkboxes marked to include those dates in the report.
3. Indicate how records in the report should be **Grouped**, by *Course/Section* (applicable when selecting multiple Terms) or by *Student*.
4. Select which **Term(s)** to include in the report.
5. Select **Standards** and/or **Grading Tasks** to include them in the report.
6. Leave the **Student** checkboxes marked to select students to include in the report. Filter the student list by entering a Student Group if desired.
7. Click **Generate PDF** to view the report in PDF format or click the arrow button next to **Generate** to select a different format.

The report sorts students alphabetically by last name and lists each task selected. Any teacher comments are included below the applicable task.
